

~~Hey, Countrywood Neighbors!~~

~~Do you want to recycle better (and cheaper)? If so, here is how to properly recycle curbside.~~

Recycling day is **WEDNESDAY**.

We **ONLY** recycle the following:

- #1 and #2 plastics  
- paper 
- cardboard 
- metal cans (tin, steel, aluminum)

All items must be **EMPTY, CLEAN and DRY**.

Put items **LOOSE** in your bin. (**NO PLASTIC BAGS of any kind.**)

Why recycle right? Because every plastic bag filled with [anything], every piece of wet cardboard, every large piece of scrap metal, every styrofoam container filled with food scraps--in short, every item in your recycling bin that is **NOT** recyclable--is charged back to us at **\$115/ton**.

If you're not **SURE** something is recyclable, **PLEASE** throw it in the garbage.
When in doubt, throw it out!

Here is a short video that explains everything you need to know:

Thank you for helping us recycle right!
